

Position Title: Graduate Animal Production Officer
Position Type: Full Time Permanent
Location: Northern Australia

About us:

DIT AgTech is a company dedicated to revolutionising the farming industry through innovative technology solutions. We are committed to tackling the world's most pressing agricultural and climate challenges by creating effective, efficient and sustainable farming practices. Our mission is to empower farmers with cutting-edge tools, knowledge, and resources to help them achieve optimal yields while minimising their environmental impact.

Position Overview:

The Animal Production Officer plays a key part in supporting livestock production by collecting and analysing samples to assist with supplementation planning and seasonal adjustments. It involves providing customer support for DIT's uDOSE™ and IoT devices, coordinating supplement delivery, and assisting with on-farm mixing when needed. The position also supports R&D trials by monitoring and collecting data, while ensuring accurate record-keeping for accounts, inventory, and asset management.

Main duties and responsibilities:

- Collecting water, pasture, dung or blood samples required to assist with the decision-making process of livestock production for DIT customers.
- Support the company's nutritionist and lab technician, analysing and interpreting results from the above sampling to assist with supplementation planning and adjustments during the year in response to changes in seasonal conditions and or production goals.
- Assisting the R&D team in any trial work through the monitoring and collection of data for reporting.
- Developing a thorough working knowledge of the uDOSE™, IoT devices and the uHUB dashboard to support DIT Customers
- Arranging supply and delivery of supplement including assistance with mixing of product on farm if required.
- Accurately completing paperwork for the company's accounts, inventory and asset management.
- Reporting deliveries of product to the accounts department to ensure prompt and accurate invoicing

Company Compliance:

- complying with all lawful and reasonable directions of DIT AgTech
- not engaging in any unlawful conduct in the course of your employment, while at work premise or when using DIT AgTech resources
- complying with all DIT AgTech policies, as implemented, varied, or replaced from time to time.

In addition to the duties outlined above, you are also required to perform such other duties as may be directed by your supervisor or management provided these are within your competency or training.

Skills and Experience:

- Ability to work independently and remotely across rural regions for extended periods of time
- Some form of Ag science/Ag business tertiary qualification (essential)
- Background in ruminant animal nutrition (preferred)
- Excellent personal presentation skills and ability to communicate effectively
- A competent understanding of basic computer skills
- Manual Drivers Licence (essential)
- HR Licence (advantageous)
- Forklift Licence (preferred)

Why Join DIT AgTech:

At DIT AgTech, we offer a dynamic and supportive work environment, competitive salary and sponsorship opportunities. You'll have the opportunity to make a meaningful impact in the world by contributing to the advancement of sustainable agriculture and climate solutions.

How to Apply:

Send a resume and cover letter to ally@ditech.net.au or call Ally for a confidential discussion on 0428 754 373.
