

Job Title: Supplement Production Foreman**About us:**

DIT AgTech is a company dedicated to revolutionising the farming industry through innovative technology solutions. We are committed to tackling the world's most pressing agricultural and climate challenges by creating effective, efficient and sustainable farming practices. Our mission is to empower farmers with cutting-edge tools, knowledge, and resources to help them achieve optimal yields while minimising their environmental impact.

We're looking for a hands-on Supplement Production Foreman to join our team at the Gatton production facility. In this role, you'll be mixing our liquid and dry livestock supplements and helping deliver products to our customers using an HR truck. You'll spend a fair amount of time away from home, so flexibility and a good work ethic are essential. If you've got strong attention to detail and enjoy a mix of physical work and being on the road, we'd love to hear from you.

Key Responsibilities:

- Oversee the end-to-end inventory management of DIT AgTech products, ensuring accuracy from manufacturing through to customer delivery, including internal and external stock movements.
- Manage the logistics and flow of raw materials and finished products, coordinating timely and cost-effective transport and ensuring accurate traceability (e.g., batch recording for recalls).
- Coordinate and supervise the sampling of incoming raw materials as per FeedSafe Quality Control procedures.
- Lead the physical manufacturing process of all DIT's supplements, ensuring compliance with all relevant OHS, FeedSafe, QA, and QC standards.
- Monitor and enforce safety protocols onsite, including incident reporting, investigations, and the implementation of preventive measures.
- Maintain a clean and organised work environment in line with company policies and procedures.
- Foster strong communication and working relationships with internal teams, suppliers, and customers to ensure smooth operations and supply chain stability.
- Analyse supply chain data to identify and implement process improvements and cost savings.
- Driving HR truck to deliver supplements to customers in accordance with OH&S, driver and safety policies.
- Travel to other distribution centres and warehouses as required to support operations.
- Perform other duties as reasonably required during the course of employment.

Skills and Experience:

- Strong organisational and time management skills.
- Excellent communication and negotiation skills.
- Experience in inventory management and logistics coordination.
- Current forklift licence
- Current HR licence
- Knowledge and good understanding of OHS, Feedsafe, QA, and QC policies and procedures.

- Ability to work collaboratively with cross-functional teams.

Why Join DIT AgTech:

At DIT AgTech, we offer a dynamic and supportive work environment, competitive salary and sponsorship opportunities. You'll have the opportunity to make a meaningful impact in the world by contributing to the advancement of sustainable agriculture and climate solutions.

How to Apply:

Send a resume and cover letter to ally@ditagtech.com.au or call Ally for a confidential discussion on 0428 754 373.
