

Job Title: Production Technician – Casual

Location: Townsville, Qld

About us:

DIT AgTech is at the forefront of innovation in livestock nutrition and agtech solutions. We specialise in delivering cutting-edge IoT-enabled dosing systems and methane-reducing supplements that help producers improve livestock health, productivity, and sustainability. As a fast-growing company with a strong customer-first culture, we are committed to providing solutions that make a real difference on-farm.

We're now looking for hands-on, reliable Production Technicians to support assembly and production at our Townsville facility on a casual basis, with up to 40 hours per week available. This is a casual role for an initial 6-month period (through to December 2026), with an immediate start available.

The Opportunity:

As the **Production Technician**, you'll be responsible for assisting with the assembly of sub-components used in our uDOSE systems, including wiring, fittings, and general mechanical assembly. This is a practical, hands-on role suited to someone who enjoys working with tools and has strong attention to detail. It would suit someone with a trade background or experience in a workshop, manufacturing, or assembly environment. You'll be working as part of a small, hands-on production team in a workshop environment.

What You'll Do:

- Assemble sub-components and parts for uDOSE systems
- Cut, prepare, and organise wiring and cable harnesses
- Assist with basic electrical and mechanical assembly tasks
- Assemble fittings, couplings, and water system components
- Drill and prepare metal enclosures and components
- Follow assembly instructions and technical documentation
- Maintain a clean, safe, and organised work environment
- Work collaboratively with the production team to meet deadlines
- Comfortable working in a hands-on workshop/production environment

What You'll Bring:

- Practical, hands-on approach with good attention to detail
- Experience using basic hand and power tools
- Ability to follow instructions and work independently
- Reliable, punctual, and able to commit to consistent hours
- Physically capable of manual handling and repetitive tasks

Qualifications and Licences:

- Trade background (e.g. electrical, mechanical, fabrication) – desirable
- Experience with wiring, assembly, or production work – desirable
- Experience in a workshop or manufacturing environment – desirable
- Forklift licence – desirable

Recruitment Advertising

- Valid Australian working rights with no restrictions that would prevent working up to 40 hours per week in a casual capacity

Why Join DIT AgTech:

At DIT AgTech, we offer a collaborative and supportive team environment, competitive hourly rates, and the opportunity to be part of a growing agtech company contributing to innovative solutions shaping the future of agriculture. You'll gain valuable hands-on experience while working on products that deliver real impact in the field.

How to Apply:

If you're interested in this opportunity, please send your resume and cover letter to jen.matthews@ditagtech.com.au
