YOU DRIVE THE PERFORMANCE.

HOW IT WORKS

THE uDOSE™ SYSTEM

THE uDOSE™ PARTNERSHIP PROGRAM

\$0 Upfront Technology Cost

The uDOSE™ system is included under the Partnership Program. Choose self-install or let our team do it for a fee, and you're up and running from day one.

3-year Supplement Program

Three years of consistent, precision nutrition, tailored to your herd, your region and your goals. Minimum spend \$12,000 per year¹.

Supplementation through drinking water is one of the most effective ways to deliver consistent nutrition across a herd.

Installation
Get set up faster with a hand from our team.

“

If you've got a pipeline through your system, it's the biggest game changer we've ever seen.

Because every animal gets the right amount of product.”

**GREG BOTO, Producer
NEBO - QLD**

READY TO PARTNER?

More producers are driving performance with less labour, lower costs and smarter supplementation through water.
