

Job Title: Supplement Production Labourer - Casual**About us:**

DIT AgTech is at the forefront of innovation in livestock nutrition and agtech solutions. We specialise in delivering cutting-edge IoT-enabled dosing systems and methane-reducing supplements that help producers improve livestock health, productivity, and sustainability. As a fast-growing company with a strong customer-first culture, we are committed to providing solutions that make a real difference on-farm.

We're now looking for a reliable and hands-on **Supplement Production Labourer** to support our supplement production operations on-site at our **Gatton (Qld) facility** on a **casual basis**. Hours and shifts will be offered in line with our operational requirements and business needs.

The Opportunity:

As our **Supplement Production Labourer**, you'll support the day-to-day manufacturing, packaging, and warehouse operations of our supplement products. This is a hands-on, all-rounder role that may also involve supporting other operational activities from time to time, including deliveries, stock handling, general site duties, and other tasks as reasonably directed.

This role is suited to someone who enjoys practical work, takes pride in maintaining high standards, and is comfortable working in a production and warehouse environment.

What You'll Do:

- Assist with the manufacturing and packaging of supplement products
- Operate machinery and equipment safely in line with standard operating procedures
- Load and unload raw materials and finished goods using a forklift
- Maintain a clean, safe, and organised work environment
- Follow all workplace health and safety requirements, including OHS, Feedsafe, AgSafe, and QA/QC policies
- Support stock control activities, including counting and storing materials and finished goods
- Assist with general warehouse duties such as palletising, labelling, and preparing orders for dispatch
- Report hazards, incidents, or equipment faults promptly
- Undertake deliveries, collections, and other transport-related duties as reasonably required
- Support other operational and warehouse activities as reasonably directed

What You'll Bring:

- A strong focus on safety and quality
- Demonstrated experience in a similar production or warehouse environment will be highly advantageous
- Ability to undertake physical work, including manual handling, lifting, and repetitive tasks
- Ability to follow instructions and work effectively within a team
- Reliability, punctuality, and a positive attitude

- Flexibility to work occasional early starts, additional hours, or weekend work during peak operational periods if required
- Basic computer or inventory system experience (highly desirable)
- Understanding of safe handling of feed or agricultural products (highly desirable)

Qualifications and Licences:

- Current forklift licence is **essential**
- Current manual driver's licence is **essential**
- MR licence will be **highly regarded**

Why Join DIT AgTech:

At DIT AgTech, you'll be part of a fast-growing, innovative company that's shaping the future of livestock production and sustainable agriculture. We combine cutting-edge technology with practical, on-farm solutions that make a real difference to producers and the environment.

You'll join a supportive and hardworking team in a hands-on production environment where your contribution directly supports on-farm operations and customer outcomes across Australia. This role is ideal for someone who enjoys practical work, values teamwork, and takes pride in helping keep operations running efficiently.
