

Job Title: Labourer - Casual**About us:**

At DIT AgTech, we're helping shape the future of agriculture through innovation, technology and sustainability. As a rapidly growing Agtech company, we develop cutting-edge IoT-enabled livestock solutions and methane-reducing technologies that are transforming the way producers manage animal health, productivity and environmental outcomes.

Driven by a strong customer-first culture, we're passionate about solving real-world challenges and delivering practical solutions that create meaningful value on-farm. Our work supports more productive livestock operations, improved sustainability, and a stronger future for agriculture worldwide.

We're now looking for a reliable and hands-on Labourer to support our fabrication and production operations at our Gatton facility on a casual, as-needed basis offering up to 38 hours per week depending on operational requirements.

The Opportunity:

As our Labourer, you'll assist with the fabrication, welding, assembly, and manufacture of agricultural equipment including steel skids, cages, and related products. This is a casual position on an as-needed basis, offering up to 38 hours per week depending on operational requirements.

Located in Gatton, this role is ideal for someone who enjoys working with their hands, takes pride in quality workmanship, and has practical welding experience.

Rate of Pay: \$35.00 per hour excluding superannuation.

What You'll Do:

- Fabricate, weld, and assemble steel skids, cages, frames, and agricultural equipment.
- Operate welding, grinding, cutting, and fabrication equipment safely.
- Read measurements and work from basic fabrication drawings and specifications.
- Assist with manufacturing, assembly, warehouse, and production activities.
- Load and unload materials and finished products.
- Maintain a clean, organised, and safe workshop environment.
- Follow all Workplace Health and Safety requirements and company procedures.
- Assist with general operational duties as required.

What You'll Bring:

- Practical welding and fabrication experience.
- Ability to safely use workshop equipment and power tools.
- Strong work ethic and willingness to learn.
- Reliable attendance and punctuality.
- Ability to work independently and as part of a team.

- Good attention to detail and quality workmanship.
- Physical fitness and ability to perform manual handling tasks.
- Own reliable transport to and from the Gatton workplace.

Qualifications and Licences:

- Experience welding and fabricating steel products.
- Current Manual Driver's Licence.
- Forklift Licence (LF).
- Reliable transport to and from work.
- Previous experience constructing skids, cages, trailers, agricultural equipment, or similar fabricated products.

Why Join DIT AgTech:

Join a business that's redefining the future of Agriculture through innovation, technology and sustainability. At DIT AgTech, you'll have the opportunity to work alongside passionate and talented people who are solving real-world challenges for livestock producers around the globe.

As a rapidly growing Agtech company, we're building cutting-edge IoT solutions and methane-reducing technologies that are helping shape a more productive and sustainable future for agriculture. This is an opportunity to be part of a business where your ideas matter, your contribution is valued, and your work has a genuine impact.

We offer a collaborative and supportive culture, competitive remuneration, career growth opportunities, international exposure, and the chance to play a meaningful role in a company that is driving innovation in one of the world's most important industries.

How to Apply:

If you're excited by the opportunity to contribute to a growing business and help shape its future, we'd love to hear from you. Please send your current resume and cover letter to jen.matthews@ditagtech.com.au
